1. The Ministry of Health, through the Central Medical Store, invites quotations from eligible manufacturers and their authorised distributors for the supply of 121 essential medicines and medical supplies under two-year framework agreements. Call-off orders will be placed against the agreements as stock is needed; the quantities in the schedule are estimates for the whole term.

2. Bidding is open to firms invited through the Health Supply Hub, or by letter for invited firms not on the Hub, which submit a sealed paper quotation to the Central Medical Store by the closing time. The bidding document, the schedule of requirements and any clarifications are published on the Hub and sent to the firms invited by letter, and quotations on the Hub are submitted there, line by line, with the documents listed in Section II of the bidding document.

3. Each line is evaluated and awarded separately, to the lowest-priced offer that meets the specification and the eligibility requirements. Prices may be quoted in US dollars, euros, pounds sterling or Australian dollars, and are evaluated FOB port of loading, in US dollars at the tender's exchange rates.

4. Quotations received after the closing time will not be considered. Questions may be asked on the Hub until 14 September 2023; the answers of general interest are published to every invited bidder.
